

SPIRITUAL WARFARE HANDBOOK

Destroy Witchcraft - Restore Money
Open Every Door

DR. JOSEPH NUFUTENE

In every city, village, shop, home, and family, one truth has never changed: life is not only physical—life is deeply spiritual. Behind every breakthrough or blockage, every sudden rise or unexplained fall, every open door or silent delay, there is always an unseen influence actively shaping the path.

Some forces build destinies...
Others bury them.

Some powers open doors...
Others lock them in silence.

Some energies lift a person or a business like wind in a sail...
Others choke progress like invisible chains.

This book is born out of pure spiritual practicality—the same ancient African knowledge our elders used to protect families, restore destinies, revive dying businesses, and destroy witchcraft attacks. It gathers real directions, real altars, real remedies, and real methods used in Ghana, Nigeria, Togo, Benin, Côte d'Ivoire, and across the African spiritual world—tested, proven, and still working today.

Here, nothing is theory.

Every page contains a working formula.

Every direction is step-by-step.

Every ritual connects with the spiritual laws of nature—earth, water, fire, wind, salt, herbs, trees, and the power of names.

You will find clear English explanations supported with Ghanaian understanding, local names of herbs, and spiritual logic behind every action.

This book is divided into five life-changing sections:

SECTION 1 — Destroying Witchcraft & Evil Attacks

You will learn powerful early-morning directions, bitter-leaf head cleansings, neem smoke reversals, salt protections, charcoal wash rituals, and 21 ancient practices that silence witchcraft arrows, break monitoring spirits, and uproot evil assigned to your life.

SECTION 2 — Silencing Witches & Family Enemies

Some attacks come from family lines.

This section reveals the correct burial rituals, goat-bone silencers, palm-kernel oil door seals, Odiiba smoke paralysis, cowry window guards, and other powerful silencing directions used to shut down witchcraft operations permanently—without returning hate for hate.

SECTION 3 — Reclaiming Your Name & Destiny

A person's name is their spiritual identity.

When your name is sold, tied, buried, locked, or spiritually tampered with, life becomes hard.

This section teaches 20 deep destiny-reclaiming rituals: palm-frond name calling, bay-leaf burning, coconut destiny baths, scent-leaf rubs, moonlight name awakeners, pepper reversal, river-sand washing, and Acha-oil night baths for breaking spiritual name-selling.

SECTION 4 — Love Attraction & Emotional Binding

Sometimes, love is blocked spiritually.

Sometimes, the person meant for you forgets you.

Sometimes, a broken connection can be restored.

Here you'll find garlic-name fire rituals, honey–cinnamon attraction, clove & sugar jar work, rose-petal whispers, basil leaf sleep-calling, coconut heart invocation, mirror attraction, and flame-whisper manifestation for drawing love or restoring genuine connection.

SECTION 5 — Silencing Troublemakers & Disturbers of Peace

Not every enemy uses witchcraft—some use their mouth, influence, presence, or negativity.

This section gives you 20 powerful methods to silence their attacks: pepper binding, charcoal jars, onion separation, lemon freezing, palm-oil name sealing, pepper dust burning, stone-weight silence, and water dissolving rituals.
